Have an ancestor or relative who lived in Newport in 1880?

If you had, or think you had, an ancestor who lived in Newport during this time, please come to the Salve Regina University Library and share your history.

Students from Salve Regina University and Fairfield University will be available with the complete Newport 1880 Census on their computers, just like Ancestry.com.

They will search for your ancestors or relatives. Sit with them and share your family’s history of coming to Newport. The students will record your history, and link to the Census records, which will become an invaluable addition to the archives of the Newport Museum of Irish History.

All are invited to come and share your proud Irish heritage!
